OP No:

Poster No:

Please return 3 copies of the completed form to:

6th CLMC, c/o Division of Clinical Biochemistry, Block K, Queen Mary Hospital, Pokfulam, Hong Kong by 31 May 2003

Abstract Submission –Information and Instructions

1. List authors' surname(s) and then initial(s) - underline the presenting author. After the last author's name, list the institution, city (and country if other than China) for each author. Omit degrees, titles and full addresses.
2. The abstract can be submitted on-line via our website <http://www.hkmta.org/> or by e-mail to 6clmc@hkmta.org. Abstracts will be published as submitted, i.e. any error that appears in the submitted abstract will appear in the published Abstracts Book.
3. If the abstract exceeds the 2,000 characters limit (Times New Roman, font size 12, the character limit is the sum of the title, abstract body, table and any figures), you will then need to edit your text accordingly to fit half page of an A4 size paper (the box overleaf).
4. It is strongly recommended to structure the text as follows:
 - * Objective(s)
 - * Methods
 - * Results - a summary in sufficient detail to support the conclusions
 - * Conclusions (it is not satisfactory to state "The results will be discussed")
5. A **simple** table or graph may be included.
6. Abbreviations may be used after the first appearance of the full word for which they stand.
7. Abstracts not correctly prepared will not be considered and **ONLY** abstracts written in **English** will be accepted for presentations (oral or poster).
8. Don't forget to type the name, address, phone and fax number and e-mail address of the presenting author where indicated. Anyone presenting a poster must register for the conference.
9. Deadline of submission: **31 May 2003**. Results will be announced before **15 July 2003**.

How to submit an abstract in high quality

Chen ML¹, Lee HK², Chang TW³
Sample University¹, Sample Centre², Sample Hospital³, Hong Kong SAR.

Objective: To achieve the best presentation of your scientific contribution to the 6th Chinese Laboratory Medicine Conference (6thCLMC).

Methods: List authors' surname(s) and then initial(s) - underline the presenting author. After the last author's name, list the institution, city (and country if other than China) for each author. Omit degrees, titles and full addresses.

The abstract can be submitted online via our website or by e-mail to 6clmc@hkmta.org. Abstracts will be published as submitted, i.e. any error that appears in the submitted abstract will appear in the published Abstracts Book.

If the abstract exceeds the 2,000 characters limit (Times New Roman font size 12, the character limit is the sum of the title, abstract body, table and any figures), you will need to edit your text accordingly to fit half page of an A4 size paper (the box overleaf).

Results: The abstracts of the 6thCLMC should have the highest quality.

A simple Table or Graph may be included

Conclusions: By complying with the guidelines the authors will achieve the best presentation of their abstracts.
